dm

Keyword

Terminal Command

Keyword: dm

with space

Argument Optional

Enter the keyword you would like to use for this input. By default, keywords require arguments. You can alternatively select if an argument should be optional or if no argument is required.

Title: DownMus

Subtext: Download the audio to your Downloads director

Enter the title and subtext you would like to use for this keyword based input. These represent the text you see in Alfred's results when using the keyword.

Drop an icon above.
